**Physician Notes**

**Authorization to File Insurance**

**Patient Name** \_\_\_\_\_

I authorize Cole Pain Therapy Group (CPTG) to release any information it deems appropriate concerning my physical condition to any insurance company, attorney, or adjuster in order to process any claim for reimbursement of charges incurred for services rendered me by CPTG or any member of the staff acting on CPTG's behalf.

**Assignment of Benefits**

I authorize the direct payment to CPTG of any sum I now or hereafter owe CPTG by any insurance company obligated to reimburse me and by my attorney, out of the proceeds of any settlement of my case for the charges for services rendered or otherwise obligated to make payment to me or CPTG, based in whole or in part upon the charges made for services rendered. In the event any insurance company obligated by contractual agreement to make payment to me or to CPTG for the charges made for services rendered refuses to make such payment upon demand by CPTG, I hereby assign and transfer to CPTG the cause or action that exists in my favor against any such company. I authorize CPTG to prosecute said action either in my name or the name of CPTG as CPTG deems necessary. I further authorize CPTG to compromise, settle, or otherwise resolve said claim as CPTG deems necessary.

**Financial Agreements**

If an insurance company obligated to pay me or CPTG the charges for services rendered refuses to pay upon demand by CPTG, or if there is no insurance company so obligated, then I will pay for services rendered by CPTG. I understand that my health insurance is my responsibility and that it is my duty to obtain referrals for care when necessary. I promise to pay for services rendered to me and not covered by my insurance company by my lack of obtaining a referral. CPTG will use due diligence in obtaining authorizations to treat and pre-certification when necessary in order to render care, and I will pay for services rendered on my behalf that were not covered by my insurance carrier because pre-certification or insurance authorization was not granted by my insurance company. I will pay my account in full or will keep my account current. If I have a liability claim, I hereby promise to keep my account current and then pay my bill in full within ten (10) days from the date my liability claim is settled or after the passage of two months from the date of discharge, whichever comes first.

**ERISA Authorization**

I hereby designate, authorize, and convey to CPTG to the full extent permissible under law and under any applicable insurance policy and/or employee health care benefit plan, as my Authorized Representative: (1) the right and ability to act on my behalf in connection with any claim, right, or cause in action that I may have under such insurance policy and/or benefit plan; and (2) the right and ability to act on my behalf to pursue such claim, right, or cause of action in connection with said insurance policy and/or benefit plan (including but not limited to, the right to act on my behalf in respect to a benefit plan governed by the provisions of ERISA as provided in 29 C.F.R. 2560.5031(b)(4) with respect to any healthcare expense incurred as a result of the services I received from CPTG and, to the extent permissible under the law, to claim on my behalf, such benefits, claims, or reimbursement, and any other applicable remedy, including fines.

**Late Payments**

I will be allowed two (2) months to pay CPTG the balance on my bill. If I do not pay within this time period CPTG will add a 1.5%, or minimum \$8.00 billing fee to my monthly unpaid balance. I agree to pay all cost of collections if my account becomes delinquent, including attorney fees and all court costs if a lawsuit is filed against me.

**Consent to Examine and Treat**

The undersigned consents to any examination including, but not limited to, physical, orthopedic, and neurological evaluation, radiographic (x-ray) examination, visual inspection, palpation, exercise stress test, electromyography (EMG), electrocardiograph (ECG), and photography/videography.

The undersigned also consents to observation of therapeutic or diagnostic procedures by staff personnel or medical personnel in training as permitted by the attending practitioner and allowed by clinic policy. Treatment procedures that may be used in your treatment include, but are not limited to, manipulative therapy, joint mobilization, myofascial release, massage, trigger-point therapy, ultrasound, electrical therapy, traction, muscle stretching, heat/ice application, nutritional supplementation, acupuncture, dry needling, and rehabilitative exercise.

Cases will be managed with all due concern and with the evaluation of response to previous care provided. Home care instructions will be given as appropriate to enhance your treatment program. Compliance with the recommendations for home care and follow-up care is necessary for the resolution of your complaint.

Because of modern techniques and equipment, examination and therapeutic procedures involve a very low risk of complication. Even though serious problems rarely occur with these procedures, risks must be recognized and considered. Any procedure that is intended to help also may do harm. While examination and therapeutic procedures used in this clinic are considered remarkably safe and effective, understand that occasionally there may be adverse reactions that occur. Although the chances of experiencing any of these complications are extremely small, it is the practice of this office to fully inform and educate our patients. These complications include and are not limited to: pain, swelling, bruising, discoloration, inflammation, disc injury, sensory changes, bleeding, fracture, fainting, irregular heartbeat, heart attack, spinal cord damage, nausea, burns, soft tissue injury, stroke, dizziness, or weakness. No guarantee or warranty for a specific cure or result is implied by the acceptance of your case. All patients respond differently to the treatment procedures. Each case must be evaluated separately.

If you do not fully understand the above or have questions about anything mentioned in this document, please do not sign it until these matters have been resolved with further discussion.

*I have read the above explanation of treatment and diagnostic procedures used in this clinic and have myself decided that it is in my best interest to submit to these procedures. I am also acknowledging that I have received a copy of this form.*
